

## Beyond Valor

You make me forget everything else. Luke Collier knows his duty. A marine corps combat medic, his job is to save lives not satisfy his own desires. Megan Trayhern is his corpsman, but the beautiful redhead can't be anything more. Luke has already given his heart once, and he understands the toll the corps can take on a woman, on a romance, on a marriage. Megan has her own mission. While she doles out medical care in the nearby village, she's also gathering intel. It's a dangerous assignment that the onetime military brat undertakes without fear. She needs to focus and be careful and the growing passion she feels for Luke can only put them both at risk. Honor binds them both, but the heart gives its own orders.
