

# Bone Deep

The mystery surrounding the disappearance of Kat Rileys husband has kept Grant Haller at a distance. Despite the strong attraction pulling him to her, as police chief with that open missing person case, he cant afford to get close to her. Not with everyone in this small town watching. Still, he waits for the day he can make his move. Then Kat finds a bone and others start to appear. Once the remains are identified as her husbands, Grant has to consider her a suspect. Deep inside hes convinced shes innocent and hes driven to clear her name. And when the threats against her escalate, Grant must protect her before its too late.
