

## Colliding Forces (The Foundation, Book 2)

Deborah Stark is a newscaster with ambition to spare and a take-no-prisoners attitude when it comes to love. Her latest whirlwind affair with the darkly sexy Marcus ends with D. never expecting to see him again. Then her mother dies right before Thanksgiving and Marcus shows up on the doorstep of D.s childhood home in New Jersey--and the ice around her heart cracks a little. But for D., work comes first. She's deep into a story about corruption throughout the highest levels of the company that owns her Philadelphia television station, and not even the hint of true love can distract her. Marcus has secrets--about the mysterious Foundation he works for, about his ability to shape-shift--secrets D. isn't ready to hear. But when D. realizes that Marcus is too aware of what she's investigating to be an innocent bystander, she knows she must accept his truths. For only with Marcus's help will D. survive long enough to expose corruption . . . and claim love.
