

## Happy Hour at Casa Dracula

For everyone whos ever felt like a square peg in a round world...with vampires and cocktails.Funny, sexy, cheerful Milagro de Los Santos has a degree from a Fancy University (F.U.) but cant seem to hold down a good job, sell her eccentric horror stories, or have the sort of relationship suitable for the sincere and serious young woman shes trying to be. Then at a book party for her pretentious ex-boyfriend, she meets Oswald, a fabulous man who tells her hes interested in her writing. A mad kissing session leads to a fall, cut lips, and an accidental exchange of blood.For the first time in Milagros life, she becomes sick...really, weirdly sick and has cravings for raw meat and an aversion to sunlight. The ex-boyfriend kidnaps her, accusing her of being a vampire, and the fabulous strangers family comes to her rescue and takes her to recover at their wine-country estate.Oswalds family thinks shes a trashy golddigger. She thinks theyre awfully snobby for people who claim not to be vampires, but merely to have a genetic condition. Oh, and fabulous Oswald is already engaged to an equally fabulous woman, Milagros ex-boyfriend is still hunting her down, a decadent aristovamp visitor has taken a special interest in Mil, and shes lost her apartment.Can she be sincere and serious long enough to defeat her powerful enemies, save her new friends, and get back in time for cocktails at Casa Dracula, the place shes come to think of as her home?
