

## Harriet the Spy, Double Agent (Harriet the Spy Adventures)

Harriet is impressed to learn that the girl she has befriended, now called Annie Smith, is the person who not only created three names Rosarita Sauvage, Yolanda Montezuma, and Zoe Carpacciobut also three distinct personalities to match. This girl has potential. Being a spy has always been rather solitary, so Harriet is glad to have a new friend and spy partner. But then Harriet realizes that Annie reveals very little about herself, and indeed, is not telling the truth about where she goes and who she meets on the weekend. Sport says hes in love with the girl, but Annie lets drop shes in love with an older man. Harriet cant understand anything at all about this thing called loveeven when she asks Ole Golly for advice, she still wonders. But as Harriet unravels Annies mystery, she comes to appreciate the many different kinds of love there are.
