

Texas Fury (Texas Series)

For Amelia Coleman Assante, the last surviving child of a legendary tycoon, it is a time of transition. As her family's kingdom faces new challenges on the horizon, she starts a fateful journey that recalls a troubled past controlled by a father's iron will. After years alone, when Amelia thought that she was beyond heartache, Cary Assante swept into her life, wiping away the shadows of tragedy with a young man's fierce passion. Together they built a billion-dollar dream. But now her husband's success may be the beginning of the end of their fragile marriage. While Amelia finds herself in danger of losing her beloved Cary to the temptations of another woman, she carries her own damning secret with consequences that will reverberate across an empire, leaving her family to pick up the pieces of a shattered legacy.
