

The Princes Pregnant Bride

It took only one kiss from his brothers widow to set AJ Rahias soul on fire and set him closer to assuming his brothers throne. Tradition would have the prince turned Hollywood producer marry his brothers wife but could he accept his brothers unborn child as his own? Lani Rahia was caught between two men her dead husband and the future king. By telling the truth about one, would she lose the other? She had been snared in a marriage of convenience before. This time, she wouldn't settle for such pretense for her or her child. Instead, she'd have a lifetime of AJ's love or nothing.
